DENTAL CARE

WELL CHILD EXAMS

BEHAVIORAL HEALTH

WHY CHOOSE OUR SCHOOL-BASED PROGRAM?

SCAN FOR FORMS

1 CONVENIENCE

No more lengthy doctor visits, we come to your child's school and provide their annual check-up without interrupting your schedule.

2 AFFORDABILITY

We accept all insurance types and the uninsured. All children will be seen by one of our providers. Parents will never receive a bill.

3 QUALITY

We provide high-quality medical and dental services to school-aged children in an unbiased and sustainable manner.

RECEIVING SERVICES

We provide care to children in 26 different schools in the ACPSD. Services will be provided in the school building or through the Clyburn Community Health Express once the mandatory parental consent form is on file.

SCHEDULING YOUR CHILD

A parent can pick up an enrollment form at the school office. The form is also located on the school and RHS's website. Once the form is turned in, an appointment can be scheduled for your child.

*Disclaimer- If you enroll your child to be seen by one of our providers and have insurance, that will count as your child's annual wellness check-up and your insurance company will be billed. If you see another provider after this appointment, you may be billed.
